### **Intern Landscape Architect, Entry Level, Nashville, TN and Atlanta, GA Offices**

Lose & Associates, Inc. is currently looking for an Entry Level Land Planner for both our Nashville and Atlanta area offices. Projects will predominantly include recreation, public infrastructure, residential and commercial projects across the eastern half of the United States.

The Land Planner will take an active role in the design and production of construction documents and master plans for various types of projects, assist in assembling reports, presentation documents, and proposals. As technical skills increase more individual work assignments will be permitted along with greater client interaction. In addition, the design professional may assist with construction administration tasks.

Qualifications for the position include:

- Bachelor's Degree from an accredited university in Landscape Architecture
- Candidate must have completed an internship in a professional office and have 0 to 3 years of professional experience.
- Ideal candidate must be a good writer and have strong computer skills.
- Must be proficient in AutoCAD, Excel, Adobe Creative Suite and/or other graphics software.
- Work examples and references must be provided.

### **Landscape Architect – Planner, Project Manager Nashville, TN Office**

Landscape Architect - Planner, Project Manager, will take an active role in the development of construction documents and master plans. In addition, project professionals will assist with duties required during the construction administration phase of projects. Perspective candidates should possess strong communications skills that result in a positive client interactions and firm representation.

Qualifications for the position include:

- Bachelor's Degree from an accredited university and hold a current license in Landscape Architecture and/or AICP certification.
- Candidate must have 3 to 8 years of professional experience.
- Ideal candidate should have a diverse background in land planning with an emphasis in commercial, residential and urban design.
- Must be proficient in AutoCAD, Excel, In-Design and/or other graphics software.
- Work examples and references must be provided.

**Entry Level Architect for both our Nashville, Tennessee and Atlanta, Georgia offices.**

Entry level architects take an active role in the design and production of construction documents and master plans for various types of projects, assist in assembling reports, presentation documents, and proposals. As technical skills increase, more individual work assignments will be permitted along with greater client interaction. In addition, the design professional may assist with construction administration tasks.

**Employment Requirements:**

- Candidates should have an Architectural degree from an accredited architectural school and be licensed.
- Candidates should have completed an internship in a professional office and 0 to 4 years of professional experience.
- Must have experience in Word, Excel, AutoCAD 2014, Revit, 3D modeling, and SketchUp.
- LEED accreditation is not required but is desirable.
- Work examples and references must be provided.
