

EMPOWERING
TO CHANGE
THE WORLD

THE UNIVERSITY OF
TENNESSEE
KNOXVILLE

Join the Journey

Investing in Education
and Innovation

As part of the university-wide "Join the Journey" campaign, the College of Architecture and Design seeks support from our alumni, partners, and friends as we enrich design education through transformative experiences and innovative learning.

The College of Architecture and Design champions innovation and exploration to empower students to transform the world. To gain a competitive edge in recruiting and ensure that our students are well prepared for the profession, we've developed a comprehensive strategic plan and identified top priorities:

STUDENT SCHOLARSHIPS AND ENDOWMENTS

Develop more competitive undergraduate and graduate programs by increasing scholarships for academics, design, and travel

PURCHASE OF THE FAB LAB BUILDING

Invest in student success by purchasing the Fab Lab building for \$1.4 million and allocating the current \$90,000 yearly lease amount for scholarships

FACULTY RECRUITMENT AND RETENTION

Ensure that students learn from innovative, distinguished faculty by increasing base faculty salaries, professional development grants, and research support funds

Three Ways to Help

1. Donate to one or more of the college funds at giving.utk.edu/archanddesign
2. Give to the college through your estate planning
3. Establish an endowed scholarship or professorship

College Funds

College Fund for Architecture + Design

Unrestricted college-wide funds for academic development, technology upgrades, and other commitments

Architecture Development Fund

Interior Design Development Fund

Landscape Architecture Development Fund

Funds for scholarships and other needs within each school

Fab Lab Purchase Fund

Financial support for the purchase of the Fab Lab building, reallocating the lease payment for scholarships
